WORK EXPERIENCE

USC Lusk Center for Real Estate **Los Angeles, USA**
Graduate Research Assistant - Neighborhood Data for Social Change (NDSC) Sep 2025 – Present

- Constructed tract-to-neighborhood crosswalks in Stata and conducted spatial validation in Tableau (land- vs population-weighted) to reduce boundary distortion and ensure accurate aggregation of American Community Survey (ACS) tract data
- Collected and processed large-scale 2024 ACS datasets using Python (API integration), building structured datasets and backups to support reproducible analysis workflows
- Analyzed and calculated 20+ housing and demographic indicators across 1,000+ LA County census tracts in Python and Stata
- Developed community data profiles for San Gabriel Valley (SGV), synthesizing indicators across housing, education, and environmental dimensions to support local policy analysis
- Authored methodological notes translating technical calculations into accessible indicator definitions, explaining the rationale behind key variables for public-facing data

United Nations - Resident Coordinator Office in China (UNRCO) **Beijing, China**
Economic Development and Sustainable Finance Specialist Sep 2024 – Sep 2025

- **Thematic Research:** Conducted macroeconomic research and wrote analysis on the 2025 Two Sessions Government Work Report, U.S. tariff impacts, and the 2024 Statistical Communiqué (NBS), informing UN policy guidance on SDG alignment and the 2030 Agenda strategic positioning
- **Advisory Report:** Revised the 170-page UN Common Country Analysis (CCA) and 2026-2030 Sustainable Development Cooperation Framework (UNSDCF), key strategic documents guiding UN work in China
- **Coordination Support:** Coordinated inputs from 26 UN agencies and 3 Results Groups to the 2025 Joint Work Plan
- **AI Initiative:** Spearheaded the establishment of the AI Mastery Hub, led a cross-functional team to deliver workshops and automated daily routines for efficiency; Developed a Copilot writing AI agent and supported colleagues in prompt engineering; Represented the Office to present best practices in system-wide briefings under the UN 2.0 framework
- **Event Planning:** Led coordination with 180+ embassies for the Member State Briefing Event; supported 10+ high-level events, including the Secretary-General visit, the COP30 President visit, UN Day, the Global South Dialogue, etc.
- **Public Relations:** Drafted 30+ keynote speeches for the Resident Coordinator, the UN's highest representative in China, for international events such as the World Agri-Food Conference and the Nobel Sustainability Summit

Frost & Sullivan **Shanghai, China**
Consulting Intern, ETS Group - Energy, Technology, and Sustainability Jul 2024 – Sep 2024

- Performed financial benchmarking (profitability, R&D intensity, capex) using WIND to evaluate competitive positioning across 20+ Chinese "Little Giants" enterprises
- Wrote the 2024 China "Little Giants" Enterprises White Paper, identifying sector-level competitiveness drivers and international expansion pathways
- Synthesized insights from 10+ expert interviews to develop strategic points for the online programming education market

China International Capital Corporation (CICC) **Shenzhen, China**
Investment Banking Summer Intern, Semiconductor & Materials Group Jul 2022 – Sep 2022

- Interviewed 7 semiconductor industry leading executives, conducted relevant market research, and wrote market reports to springboard initial public offerings
- Conducted comparative analysis for 5 companies by benchmarking financing, industry trends, and market positioning

- Prepared detailed due diligence reports, focusing on prospective business operations and financial performance sectors

Tencent **Beijing, China**
Business Analysis Intern Jul 2021 – Nov 2021

- Supported the end-to-end development of "Buzz Town," an e-commerce program identifying friction points in the user journey
- Proposed new feature rollouts to Buzz Town in order to improve engagement and conversion, which were incorporated into the finished product
- Illustrated user profile and developed dashboards integrating behavioral and sales data, enabling teams to refine campaign targeting and UI personalization, which improved the repeat purchase rate by 15%
- Collaborated with XFN teams to enhance product discoverability and increase daily active users (DAU) by 18%

RESEARCH EXPERIENCE

2026 Milan-Cortina Winter Olympics Public-Private Partnership Projects **Milan, Italy**
Bocconi University, SDA Management School – International Lab with USC Feb 2024 – May 2024

- Researched Olympic PPP infrastructure projects (eg, villages and venues), focusing on sustainability and legacy utilization
- Conducted stakeholder meetings and analysis with IOC, OECD, SIMICO (Società Infrastructure Milano Cortina), and Milano-Cortina Foundation to assess multi-use infrastructure and urban development strategies.

Environmental Justice Through Industrial Impact - Redlining and Green Investment **Los Angeles, USA**
Supervised by Prof. Barry Waite at the University of Southern California Mar 2024 – May 2024

- Examined policy and developmental environmental justice issues in Los Angeles by leveraging ArcGIS Pro and the CalEnvironScreen 4.0 database to analyze pollution exposure in disadvantaged communities
- Conducted spatial joins, buffer analyses, and inset mapping on AB1550 communities and historical redlining districts

Local Government Public Expenditure, Transfer Payment, and Debt **Beijing, China**
Research Assistant to Prof. Xiaoyong Cui at Peking University Apr 2021 – Jul 2021

- Compiled public finance data for ~300 counties from the official local county website, established a data platform "National County-level Government Revenue, Expenditure, and Transfer Payment Form," for overall analysis

LEADERSHIP & ACTIVITIES

Global Shapers Community, Los Angeles Hub – (World Economic Forum) **Los Angeles, USA**

- Organized Hub's First Partnership Fair for 40+ locally based nonprofits, enterprises, and civic leaders Mar 2025 – Present
- Led outreach and stakeholder engagement efforts, expanding the Hub's local visibility and strengthening partnerships across youth, sustainability, and social impact initiatives

APRU Student Global Climate Change Simulation **Hybrid**
Peking University-Nominated Representative, Association of Asia Pacific Rim Universities Apr 2023

- Developed negotiation strategies integrating climate science, geopolitical constraints, and Sustainable Development Goals
- Utilized computer simulation models (C-ROADS) to analyze climate system dynamics and inform negotiation strategies

2022 ASEAN-China Youth Leaders' Summit Delegate **Beijing, China**
Panel member Dec 2022

- Collaborated on sustainable development policies in the ASEAN-China region and youth economic empowerment initiatives
